MEDIA KIT 2020

Who we are

Thought-leaders and innovators in team building with a mission to strengthen relationships through shared experiences

Since 2012, Global Sessions has worked closely with our clients to design custom experiences that inspire, strengthen and transform teams by redefining how people work and play together.

We believe high-performing teams are built on a foundation of healthy communication, trust and compassion.

WHERE WE WORK

Global Sessions is based in Hood River, the adventure capital of Oregon. While we love hosting on our home turf, we travel frequently and produce events across the state, Pacific Northwest and beyond.

What we do

Fun and thoughtful team building events and adventures designed to drive positive change in company culture.

- Custom experiences for groups of all sizes
- Outdoor adventures, tours, media campaigns
- Multi-day sessions and retreats
- Inspirational speakers and experiences
- Destination, venue and vendor management
- Annual company gatherings/celebrations
- Personal, premium and seamless experiences

TEAM BUILDING EXPERIENCES

One of the most effective ways to bring people together in meaningful ways, in a short amount of time, is through experiences that are both fun and inspiring. We create high-level events of all shapes and sizes, for groups of five to 500, all over the world.

We focus on events, activities and adventures that enhance communication, reinforce trust and teamwork and improve company culture.

OFFSITES AND RETREATS

Offsites are critical opportunities for teams to disconnect from their daily lives and routines and focus on engaging with one another in unique and memorable ways.

Our strategy is to strike the right balance between adventurous experiences, purposeful facilitation and often much-needed downtime. The result is a holistic approach to team building that leaves groups refreshed, inspired and united as a team.

How we work:

Our simple approach to finding the right fit for your team

Discovery

STEP 1

Fill out our online Discovery Form, give us a call or meet us for coffee or a beer. Tell us what you're looking for, what could help your team, your budget and what a win looks like to you.

STEP 2

Design

We use our creative powers to create a selection of options for your team, which we present in a proposal. We take feedback and collaborate until everyone is happy.

STEP 3

Commit

Once a proposal is accepted, we'll send you a contract and invoice to start moving forward.

STEP 4

Execute

We work hard to ensure your premium experience is managed seamlessly, so you can relax and enjoy the moment.
